Dear M/s Steelguard,

It is with great pleasure that VETROTECH Saint-Gobain commemorates three decades of extraordinary collaboration with Steelguard. As a testament to the enduring strength of our partnership, we are honored to recognise our long and fruitful relationship of 30 years.

fire + security + architectural

### 30 Years of Togetherness

Since our inaugural order in July 1993, our journey together has been a long and fruitful relationship. Over the past three decades, STEELGUARD has been an invaluable ally in our shared mission to redefine industry standards and shape the future of fire-rated glazing in the Oceania territories.

Personnel from both organizations have toured each other's manufacturing facilities, facilitating regular exchanges of technical data and training. This collaborative effort has fostered unwavering confidence in STEELGUARD's proficiency in fire-rated glazing.

With this award, we extend our sincerest gratitude to you and your team for your steadfast partnership, unwavering support, and shared vision over the past three decades. It is through our collective efforts, mutual trust, and shared values that we have achieved remarkable success, and I am confident that together, we will continue to set new benchmarks of excellence for years to come.

VETROTECH SAINT-GOBAIN INDIA MIDDLE EAST & OCEANIA
